

THE Farmers Bank

The mysteries of Trust services.....

Ever wonder what goes on in our Trust and Asset Management Division? Some of the usual and customary services we provide for our clients are asset management (CDs, stocks, bonds, mutual funds, real estate, etc), collection of investment income, payment of bills including real estate taxes, homeowner's insurance, medical insurance, and utilities. Some of the more unusual services we provide are finding homes for pets, assisting with funeral arrangements, obtaining lawn mowing and snow removal services.

As you can see, we provide the normal services of managing clients' assets. We also provide services that are more of a personal nature, which is very important to our clients and to us. We are a community bank who cares about our clients and we really want to provide service levels that exceed our clients' expectations.

Please call (765-654-8731) or stop in to discuss any Trust and Asset Management Division services with us. *Call us and let's discuss.*
