CONNECT capabilities

Grow your business with streamlined omni-channel payments

Connect offers the most intuitive and versatile payment gateway on the market to ensure your reaching your clients in all environments.

Power of payments everywhere

VIRTUAL TERMINAL
Key in payment details in the browser-based virtual terminal for phone or mail-in orders

MOBILE
Secure on-the-go payments via a platform-agnostic mobile app

ECOMMERCE
The simple, fast and efficient way to process credit card and ACH payments online

EMV & CONTACTLESS
Mobile & countertop EMV and Contactless payment devices

INTEGRATED PAYMENTS
Integrate transaction processing into your software with a full stack of APIs and SDKs

ELECTRONIC INVOICING
Send invoices right to customers' inboxes and enable them to submit payment with just a few clicks

RECURRING BILLING
Bill customers on a regular basis by establishing a recurring billing schedule with plans & subscribers

CUSTOMER VAULT
Securely store tokenized customer details for future use, invoicing, recurring payments or memberships

COLLECT CHECKOUT
Add your checkout button to collect payments or donations on your website or in emails

MULTI-MID CAPABILITIES
Manage multiple merchant IDs on a single gateway account with consolidated reporting

ELECTRONIC CHECK
Accept electronic check payments directly through your virtual terminal or online store

FRAUD PREVENTION
Identify and prevent questionable transactions with real-time fraud scrubbing

ENHANCED DATA
Provide extended transaction data to the processor, giving you the best chance to qualify for optimal interchange rates

QUICKBOOKS PLUG-IN
Process transactions, create appropriate accounting entries or mark transactions as paid right within the QuickBooks environment
