

The Farmers Bank

SMART Online Banking

FIRST-TIME LOGIN AND REGISTRATION

The first time you log in to the new SMART Online Banking, you are required to go through a one-time registration process.

How to Log in

1. Go to www.thefarmersbank.com to log in directly from the login box on the homepage.
2. When logging in, use your current Online Banking User ID/Username and password.
3. You will then be asked to choose which phone number, or 'target' you would like a one-time verification code sent to. This is for security purposes to validate your identity. You can choose whether to receive a text message code to your mobile phone number on file, e-mail to your e-mail address on file, or a voice code to your mobile, home or work number on file.
4. After entering the verification code, you are prompted to select a new password.
5. Following password selection, you will select Device Registration:
 - If this is a private computer or device, you may opt to register your device and bypass receiving a secure code to log in on this device in the future.
 - If this is a public or shared device, do not register it.
6. Finally, review and agree to the Terms and Conditions. This completes your account setup and then you're ready to access Online Banking.

We're here to help! Call 765-654-8731 Monday-Friday 9a-5p and Saturday 9a-12p.
